Assembly Guide

Use an exacto knife to cut the bits connecting the parts to the frame.

Remove the parts from the frame with a rotating motion along the axis formed by the bits you just cut.

Use the exacto knife to remove any of the remaining connection bits.

Use **wood glue** for assembly. Always dry fit the parts first to make sure the components are correct ones. If you encounter any issues, please contact us at info@laserox.net or our Facebook page at facebook.com/laseroxinserts.

Always dry-fit the parts to together without any glue to make sure you are assembling the correct parts.

Use a drop of glue along the joints and hold it in place until the glue has sufficiently dried.

Press the parts together or use a hobby hammer with slight force for assembly.

WARNING Choking hazard!
 Not for children under 14 years.
