Remove the parts from the frame with a rotating motion along the axis formed by the bits you just cut.

- Some parts might look different than in the assembly instructions, with added decorations/engravings/embellishments.
- Color variations or branch marks are a natural part of the birch plywood.
- The burnt smell of wood is natural and will dissipate with time.
- Rarely the laser will not cut through the complete sheet, but this can be fixed with the help of a hobby knife. If that is not possible, please contact us for a replacement!
